Cambridge Assessment English and Speexx in Partnership

I am very proud to be able to introduce you to the exciting partnership that has been created by two of the world's leading learning and assessment organisations, Cambridge Assessment English and Speexx.

Cambridge Assessment English are part of the University of Cambridge and have been helping millions of people learn English and prove their skills to the world for more than 100 years. Speexx is a leading provider of award-winning cloud-based online language training and testing solutions for the global workplace. They help large organizations everywhere drive productivity by empowering employee communication skills across borders.

Together, we have created a new and innovative package of online learning and assessments that combine the expertise of both organisations to provide English language learners with the very best opportunity to develop their communication skills and prove their achievements.

The courses and assessments created by Speexx and Cambridge have been carefully aligned to the CEFR to give a clear and standardised framework to teaching and learning. These standards enable teaching to flourish and encourages learners' achievements to be recognised. Cambridge Assessment English was involved in the early development of this standard and all of our examinations are aligned with the levels described by the CEFR. Speexx have been working closely with the CEFR since 2001 and this forms the foundation of the success and recognition Speexx have received over the past decades.

As a further indication of the depth of our collaboration, I am also happy to announce that Speexx has become a global, online testing agent, offering Cambridge's multi-level business test BULATS, as well as working in close collaboration with our international network of examination centres to offer our Business English Qualifications.

We feel the quality of our products speak for themselves, and am sure that you will be just as excited in using them as we were in creating them for you.

Yours Faithfully
